

ESID Juniors' Retreat 2019

Applications are now open! Applications are accepted from **21/12/2018** until **13th January, 2019 12:00 midnight (CET)**.

Are you missing ESID Summerschool times? Do you want to know more Junior members and enlarge your social network in PIDs? Then, ESID Junior's Retreat is just for you!!!

The aim of this retreat is to enlarge Junior's network by sharing educational and social activities with Junior members who attended past years' Summerschools. Under the philosophy of a "Junior 4 Junior's meeting", we will have an exciting programme in which all the participants will be involved.

General information

When: 05-08 April, 2019

Where: [Cambrils Park Resort](#), Cambrils, Tarragona, Spain

Application Deadline: 13 January, 2019 12:00 midnight (CET).

Registration Deadline: Within 2 weeks after acceptance.

Costs: 50€; registration fee includes course fee, accommodation and meals. Incoming travel and personal expenses are not covered.

Travel grants: Up to 3 Travel Grants of 500€ will be offered to help with the travel expenses to those participants who cannot afford it // have no other source of financing.

Application conditions

30 ESID Junior Members will be selected based on their background, interest in PID and motivation.

What we need from you is:

- Be a **current ESID junior member*** (preference will be given to candidates who have already attended to a Summerschool in Australia/USA/EU in the past 5 years)

*If you are **not** an **ESID member**, you can become one now!

[Click here](#) (Please apply with sufficient time to verify membership. This process can take a few of working days.)

- **Curriculum Vitae** including a list of publications and/or meeting presentations

- **Statement of career goals** (typewritten, max. 500 words) explaining your link with ESID& ESID Juniors Society, and why attendance at this meeting will benefit your career now and in the future. Please justify if you need to be considered for a travel grant.

- **Research abstract** in which collaboration with other groups can be potentially useful // **OR** // **Clinical case (.ppt)** in which the use of different laboratory tools was crucial to reach the diagnosis

Please attach everything in a single .pdf and send it to my email: jaravita@gmail.com **Complete applications sent before the deadline will not be considered (Sunday, 13 January, 2019 12:00 midnight (CET)).**
